Dear Parent/Carer

It has been a busy couple of weeks back after the half term break which have included Y1's trip to Court Farm as well as Y5's day at MoJo Active – the children had fantastic days out at both!

Our sports days are due to be held this week –the weather looks great! A reminder for your children to come to school in their PE kits with water bottles ready for the day ahead.

Please read class arrangements with relevant teachers for next academic year and your children will find out where they are and who they are with on Moving Up Morning (Thursday 26th June).

We are looking forward to welcoming Mrs Kate Harding to our school team in September when she will be teaching in class RM. She has taught in an infant school in Fleet, Hampshire for 9 years and has loved working in all the different year groups. She especially enjoys singing and being creative. Mrs Harding and her family are relocating to WsM and are excited to be moving into their new family home. She is very much looking forward to joining the school community and especially meeting all the children.

Finally, our Ofsted report will be published this week online and a separate email will be sent today with your own copy attached. We are all proud of our school and the inspectors' findings and now have clear steps for further development.

Safeguarding

Talking to your child about when to get a smartphone isn't always easy – especially as they get older and 'everyone else has one'. But the right conversation at the right time can make all the difference.

Every family's situation is different – but one thing is clear: more and more parents are questioning the rush to smartphones as they impact so much on daily life. We will give more information next time on this issue.

Mental Health

On Tuesday 1st July, 6-7pm, we have a "How to spot and respond to anxiety in children" webinar with our school EMHP Bex. This is a supportive and informal session that you can join from home and is also FREE! More details to follow soon! Here are some super simple top tips from the NHS to support your child's mental wellbeing: Be there to listen. Support them through difficulties. Build positive routines.

Attendance It has been a long year and now we are on the final stretch. Well done and keep going. Your commitment to ensure that your children attend school every day has made a real difference. School attendance is crucial for a child's overall development and future success. Regular attendance helps children:

- Achieve academically.
- Develop social skills. Through interactions with peers and school staff.
- Establish routines that foster discipline and time management.
- Feel supported emotionally as part of the school community.
- Prepare for future opportunities by building a strong work ethic.
