

Heron's' Moor Academy

Geography Statement of Intent

The aims of teaching geography at Heron's' Moor Academy are:

- To inspire pupils' curiosity to discover more about the world.
- To enable children to know about the location of the world's continents, countries, cities, seas and oceans.
- To develop in children the skills of interpreting a range of sources of geographical information including maps, diagrams, globes, aerial photographs and Geographical Information Systems (GIS).
- To help children understand how the human and physical features of a place shapes its location and can change over time.
- To provide opportunities that link mathematical understanding through geography.
- To provide opportunities for children to show geographical understanding through writing.
- As geographers, our children will seek to understand where things are found, why they are there and how they develop and change over time.
